Confirmed Cases*
141,422,630

Deaths
3,020,112

Recovered Cases
80,802,937

- A modified version of AstraZeneca’s COVID-19 vaccine tailored to combat a Coronavirus variant first documented in South Africa could be ready by the end of 2021, an AstraZeneca official said.
- Johnson & Johnson had reached out to rival COVID-19 vaccine makers to join in an effort to study the risks of blood clots, the Wall Street Journal reported. AstraZeneca was interested in joining forces to investigate the safety issue and communicate vaccine benefits and risks, but Pfizer and Moderna didn’t see the need for group action
- Qatar is in talks with Coronavirus vaccine makers to ensure all fans attending the 2022 World Cup in the country have been vaccinated.

National Updates

- Minister for Planning, Development and Special Initiatives Mr. Asad Umar said that the need for safety precautions has grown since the compliance with SOPs is low. Hospital are filling up, the number of critical care patients has risen to above 4,500, which is 30% higher than peak in June 2020. Additionally, Oxygen supply capacity in the country is now under stress.
- The Education Minister said that classes 9 to 12 will resume in affected districts of the country in staggered manner.
- The Pakistan Medical Association (PMA) and the Pakistan Islamic Medical Association (Pima) has called on the Government to resume the registrations of healthcare workers' for the vaccination. Pma claims that of the 192 doctors who lost their lives in Pakistan, around 182 were ordinary doctors and healthcare providers who contracted the disease from asymptomatic patients. Out of the 1.2 million healthcare workers serving in the public and private sectors in Pakistan, only 224,000 doctors, nurses and paramedics have so far gotten both doses of the Chinese Sinopharm vaccine.
- National Command and Operation Center (NCOC) said that the vaccination for the citizens between 50-59 years of age will start from Wednesday i.e., 21 April 2021.
- The NCOC said the national rate of positivity of COVID-19 infections has reached 8.56% in Pakistan with a total of 82,276 active cases, of which there are 4,515 patients in critical condition.
- Overall COVID-19 positivity was highest in Azad Jammu & Kashmir (AJK) at 15.26%, followed by Khyber Pakhtunkhwa at 14.15%, Islamabad at 12.78%, Balochistan 9.75%, Punjab at 7.97%, Sindh 4.69%, and Gilgit Baltistan at 1.61%.
- Hong Kong will suspend flights from Pakistan, India, and the Philippines from April 20 for two weeks after the mutated strain of COVID-19 was detected in the Asian countries for the first time.
- Sindh Education Minister said that the education department has decided to suspend in-person classes for grades 1 to 8 in public and private schools across the province till May 1 due to rising cases of the Coronavirus.
